NYC DIRECTOR MAX SOHL SET TO SWALLOW THE COMPETITION IN HIS NEWEST TREASURE ISLAND MEDIA SEX TAPE, SUCK IT

San Francisco, CA — February 20, 2013 — *SUCK IT*, the latest oral delight from Treasure Island Media's New York director Max Sohl is now available exclusively at the studio's website on DVD and Download-to-Own (DTO): <http://www.treasureislandmedia.com/cart/SUCK-IT.html>

SUCK IT is Max Sohl's first full-length, all-oral swallow video. He brings the same hardcore aesthetic that he has become known for in his fuck tapes to this series of cock worship and cum swallowing. From the gloryholes and booth stores of Manhattan to private apartments and tearooms, dick after dick is serviced with one driven goal: to make each cock explode ropes of jizzy sperm down the throats of the hungry men who lust for cum in their bellies.

"There is no better moment than the one when a man tells you to SUCK IT. Direct and straight to the point. Any lucky cocksucking plg knows exactly what his mouth is for. This is a great collection of hot and horny NYC men showing off their dick worshipping skills," says director Sohl.

Starring TIM Exclusive DJ with Morgan Black, Peto Coast, Tony Bishop, Jeremy East, Jack Handler, Randy Harden, Ross Scott, Dominic Sol, guest appearances by Christian and Antonio Biaggi featuring a total of 40 men and an impressive 30 cumshots!

SUCK IT is available on DVD and Download-to-Own (DTO) at the Treasure Island Media website: <http://www.treasureislandmedia.com/cart/SUCK-IT>
